RE: Construction on Lenni Rd.

Ms. Powell,

First, thank you for taking the time to speak with me this afternoon about our neighbors' concerns on Lenni Rd. Second, I hope I have spelled your name correctly.

I am writing to recap our conversation so that I do not miss any important points. Aqua has held a permit to do work on Lenni Rd between Llewellyn and Pennel Roads since the beginning of this year. They have been using Flagger Force to redirect traffic. The closures have been intermittent and poorly managed, sometimes closing the road from both directions to neighborhoods that have single access points such as Arbor Way and Rolling Heights Lane. Today a service person was told there was not access to Arbor Way and was turned away.

This cannot continue. Access to all roads must be maintained at all times through alternate routes and the individuals redirecting traffic must be better informed on how to get around the area. Furthermore clear signage should be posted to redirect traffic as necessary. Attached please find a copy of the map we've prepared. Perhaps it can be shared with Aqua and Flagger Force.

I hope this provides you with enough information to address the issue.

Again thank you for your help.

Sincerely,

A handwritten signature in black ink, appearing to read "Marta Driscoll".

Marta Driscoll
